

Canadian Nurses Foundation (CNF)

COVID-19 FUND IN SUPPORT OF NURSES ACROSS CANADA

No group of workers is more essential in these times than our frontline healthcare workers, especially our nurses.

Nurses are:

- Keeping us safe
- Making decisions based on a pandemic never experienced before
- Tending to the sick in their hospital beds, long term care homes and in our communities
- Giving comfort to patients suffering the worst effects of the virus

CNF is issuing a call to action to all Canadians to show their support for nurses who are going above and beyond the call of duty every day.

“Everyone knows a nurse who is redefining the meaning of the term ‘public service.’ As we continue to work together to defeat COVID-19, CNF is investing in nursing excellence for better patient care. Nurses are leaders in public health and patient safety. Together, we are raising funds to advance nursing knowledge and research to support and recognize the important and critical role nurses are playing for all of us during these unprecedented times.”

Christine Rieck Buckley, CEO, CNF

Nurses need our support, now more than ever.

CNF’s COVID-19 Fund established in partnership with Founding Sponsor, the **TYLENOL®** brand, will immediately support:

- Mental health support for nurses during this COVID-19 pandemic
- Evidence, skills and training nurses need to better navigate COVID-19
- Development and sharing of best practices for future pandemics
- New research in critical care and pandemic response

To show your support for nurses and contribute to the Fund, go to: cnf-fiic.ca/cnf-covid-19-fund-for-nurses and let’s all do our part!
